

## PROPOSAL FOR Collaboration with Schools

Integration of AHS Education System

# Executive Summary

Education is rapidly changing, and schools today need to equip students with more than just memorization skills—they must prepare them for a future of curiosity, creativity, and critical thinking.

AHSEdu.org (AHS) is a comprehensive digital education platform designed to empower schools, teachers, students, and parents. Our system is fully aligned with Pakistan's National Curriculum, Punjab Textbook Board, Oxford, Cambridge, and U.S. State Standards, ensuring both local relevance and global recognition.

This proposal outlines how your school can integrate AHS into its system to maximize learning outcomes, enhance teaching efficiency, and provide students with a future-ready education.

# About Alls

AHSEdu.org is a non-profit initiative committed to making high-quality, accessible, and interactive education available for every child.

#### Mission & Vision

#### Mission:

To create an engaging, affordable, and flexible education system for students across Pakistan and beyond.

#### Vision:

To build confident learners who can compete globally while staying rooted in their national curriculum..

#### Reach:

Serving students in multiple regions through innovative digital learning solutions.

- Enhance their curriculum with digital, interactive resources.
- Provide blended learning (classroom + digital support).
- Save teachers' time with ready-made lessons, worksheets, and practice material.
- Increase parent satisfaction by providing transparent progress tracking.
- Prepare students for both local and international exams.

### Curriculum Alignment

AHS is designed to seamlessly integrate with multiple curricula, giving schools flexibility and reliability:

#### Pakistan National Curriculum

Covers Grades 1-5 with complete subject coverage.

Direct mapping with the Punjab Textbook Board syllabus.

#### Punjab Textbook Board (PTB)

All lessons mapped chapter-by-chapter.

Worksheets and quizzes aligned with PTB exercises.

#### Oxford & Cambridge

Supports O/A Level preparation.

problem-solving, inquiry-based learning, and critical thinking.

#### USA State Standards (Common Core)

Benchmarked with U.S. education requirements.

Internationally recognized quality assurance.

# Infegration Model for Schools

#### Plended Learning

Teachers use AHS videos and worksheets alongside classroom instruction.

#### Teacher Dashboard Support

Teachers filter topics by grade/subject, assign lessons, and monitor student performance.

#### Homework & Extra Practice

Students access AHS at home for revision and mastery.

#### Full Digital Integration

AHS becomes your school's core digital partner, ensuring end-to-end coverage.

# Unique Features for Schools

5

Interactive Video Lessons Engaging, animated, and easy-to-understand.

100+ Practice Questions
per Skill
Ensures mastery through

Parental Access
Transparency for parents

to monitor learning.

repetition.

Downloadable Worksheets

Printable and classroom-ready.

Teacher Dashboard
Assign lessons, track
performance, and reduce
prep time.

Multi-Curriculum Coverage PTB, Oxford, Cambridge, and U.S. standards.

### Benefits for Schools

Raise academic standards with minimal investment.

Improve student exam performance across local and international boards.

Reduce teacher workload through ready-touse lesson plans.

Position your school as a future-ready institution.

Build stronger parent satisfaction and trust.

# Implementation Plan

Orientation Session

Introduction for school leaders and teachers.

Teacher Training Workshop

Hands-on training on AHS resources and dashboard.

02

Pilot Program

Implementation in select grades for 1-2 months.

Full Integration

Expand to all grades after pilot success.

Continuous Support

Academic & technical support for smooth operation.

# Support & Collaboration

A dedicated academic coordinator for your school.

Regular workshops for teacher training and content updates.

Customized reports for school management.

24/7 tech and learning support.

## Partnership Models

#### Free trial

1-Year Complete free trial without paying anything.

#### Per Student Subscription

Affordable per-student fee.

#### School-Wide License

Flat rate for unlimited access.

#### Hybrid Model

Base fee + per-student flexibility.

# Next Steps

Review and discuss this proposal with your school's management.

Schedule a demo session with our AHS team.

Launch a pilot program in your school.

Finalize partnership agreement for full integration.

## Conclusion

With AHSEdu.org, your school gains a curriculum-aligned, internationally benchmarked, and interactive learning system that reduces teacher workload, engages students, and satisfies parents.

Together, we can make your school a leader in modern education while staying fully aligned with both local and global standards.
